SPEAKER BIOS

Gil Fernandez

Alternative Fuel Consultant, Alliance Autogas

Gil Fernandez has over 20 years of experience providing comprehensive fleet management solutions and delivering outstanding service to corporate clients in the transportation industry. Since 2017, Gil has focused on helping public and private fleets to take advantage of alternative fuels with Alliance Autogas covering the entire State of Florida as well as multiple location corporate accounts across the US. Gil is a member of the National Fleet Management Association (NAFA). Alliance Autogas offers a turnkey solution that facilitates switching from gasoline to autogas and currently serves hundreds of public and private fleets with a combined fleet of over 8,000 vehicles powered by propane.

Patti Earley

Fleet Fuel Operations Specialist, Florida Power & Light Company

Patti Earley, CAFM®, has worked in various capacities in fleet management for over 30 years. She managed the Transportation Department at South Dakota State University, held the post of Deputy State Director of Fleet and Travel Management for the State of South Dakota and is currently the Fleet Fuel Operations Specialist for Florida Power and Light. During her career, her responsibilities have included vehicle and equipment purchasing and remarketing, budgeting, risk management, fueling operations, maintenance shop operations and aircraft operations. Patti is an active member of NAFA- Fleet Management Association and is currently serving on the Association's Board of Directors as Treasurer, as well as Reporting Officer for NAFA's education committees. She also serves as an Ambassador for the National Biodiesel Board.

Jose Barbosa

Business Development, EFACEC USA

José Barbosa is currently responsible for Business Development at EFACEC USA in its Electrical Mobility Unit. Senior executive experienced in management and sales activities, Jose lead Efacec ACS in Atlanta since 2008 serving utilities with Smart Grid solutions and systems like SCADA, DMS and OMS. With a strong IT background, was responsible for all IT of the Efacec Group for several years in Portugal before coming to the US. Jose has an Engineering degree from Portugal and a MSC in electronics from the Netherlands.

Carl Postiglione

Business Development Manager, Vanner Inc.

Carl Postiglione has over 25 years of experience in product development in automotive and military markets. He has authored and presented many papers for technical conferences and trade shows, along with publishing several articles in different industry magazines. He currently works for Vanner Inc as a Business Development Manager for their latest product Revolution an Idle and Emission Reduction technology.
