

**SOUTH FLORIDA LOCAL EMERGENCY PLANNING COMMITTEE
8-HOUR HAZWOPER REFRESHER CLASS**

**December 1, 2017
8:00 AM to 5:00 PM**

**Miami-Dade Water and Sewer Department (WASD)
3071 SW 38 Avenue, Room 156 A
Miami, FL 33146**

Class Location The classes will take place in a secure Miami-Dade County Government building, please allow time for security at the entrance. Parking may be an issue.

Class Description

This class is designed to refresh participants' awareness-level skill set for hazardous materials emergency situations. Attendees will receive training to comply with HAZWOPER Refresher requirements as specified in 29CFR1910.120 including HAZWOPER fundamentals, chemical exposures, hazard assessment, fire and explosion, flammable materials, oxygen deficiency, heat stress, radiation contamination, mercury spill guidance, air monitoring, respiratory protection and PPEs (Biological Agents/Ebola), drums and containers and others. Students will receive copies of the 2016 ERG book.

Target Audience

Public works, public health, utilities, fire, law enforcement, transportation, sanitation, water and sewer, environmental personnel and others likely to witness, discover or be the first person on scene of an emergency involving hazardous materials.

Instructor Barry Stewart, Project Manager, Clean Fuels, Pompano Beach, Florida. Mr. Stewart is a fully certified HAZWOPER instructor, former FDEP employee and SERT Safety Officer. Mr. Stewart has been a Treasure Coast LEPC member since 2002 and trainer since 2007.

Cost to Attend **FREE**

Registration Registration will take place through the Florida Division of Emergency Management (FDEM) SERT TRAC System (<https://trac.floridadisaster.org/>). If you do not already have a login account, one can be quickly and easily setup at the time you register.
