Dear Mr. Eubanks:

On September 10, 2019, the Broward County Board of County Commissioners held a public hearing in accordance with Chapter 163, Florida Statutes, and voted to transmit one (1) amendment to the Broward County Comprehensive Plan (BCCP). The amendment is to the Broward County Land Use Plan (BCLUP) map (PC 19-5). The transmittal resolution for the proposed amendment is included with the staff report. The amendment is proposed for adoption by the County Commission no later than March 2020.

In accordance with the Florida Administrative Code, three copies of the support documentation for the BCCP amendment is enclosed (one hard copy and two digital copies). By copy of this letter, the proposed amendment, including applicable support documents, was also sent to the South Florida Regional Planning Council, the Florida Department of Transportation - District Four, the South Florida Water Management District, the Florida Department of Environmental Protection, the Florida Department of State, the Florida Fish and Wildlife Conservation Commission, the Florida Department of Agriculture and Consumer Services and the Florida Department of Education.

The proposed amendment is not located within an Area of Critical State Concern and is not proposed for adoption under a joint planning agreement pursuant to Chapter 163, Florida Statutes.

Consistent with the Broward County Planning Council procedures, the City of Parkland has requested that the Broward County Board of County Commissioners concurrently transmit the corresponding amendment to their municipal future land use element, which is also included (one hard copy and two digital copies). Questions regarding the amendment to the municipal future land use element should be directed to the municipality.

We appreciate the continued assistance and cooperation of the Division of Community Planning & Development in the development and refinement of the Broward County Comprehensive Plan. Please contact me or Leny Huaman, Planner, if you have any questions or require additional information.
