Caldwell Building
107 East Madison, MSC 160
Tallahassee, FL 32399

Dear Mr. Eubanks:

On August 20, 2019, the Broward County Board of County Commissioners held a public hearing in accordance with Chapter 163, Florida Statutes, and voted to transmit two (2) amendments to the Broward County Comprehensive Plan (BCCP). One (1) amendment is to the Broward County Land Use Plan (BCLUP) map (PC 19-4) and one (1) amendment is to the BCLUP text (PCT 19-7). The transmittal resolutions for the proposed amendments are included with the staff reports. The amendments are proposed for adoption by the County Commission no later than February 2020.

In accordance with the Florida Administrative Code, three copies of the support documentation for the BCCP amendments is enclosed (one hard copy and two digital copies). By copy of this letter, the proposed amendments, including applicable support documents, were also sent to the South Florida Regional Planning Council, the Florida Department of Transportation - District Four, the South Florida Water Management District, the Florida Department of Environmental Protection, the Florida Department of State, the Florida Fish and Wildlife Conservation Commission, the Florida Department of Agriculture and Consumer Services and the Florida Department of Education.

The proposed amendments are not located within an Area of Critical State Concern and are not proposed for adoption under a joint planning agreement pursuant to Chapter 163, Florida Statutes.

Consistent with the Broward County Planning Council procedures, the cities of Miramar and Plantation have requested that the Broward County Board of County Commissioners concurrently transmit the corresponding amendments to their municipal future land use elements, which are also included (one hard copy and two digital copies). Questions regarding the amendments to the municipal future land use elements should be directed to the applicable municipality.
