Dear Mr. Eubanks:

On January 28, 2020, the Broward County Board of County Commissioners held a public hearing in accordance with Chapter 163, Florida Statutes, and voted to transmit three (3) amendments to the Broward County Comprehensive Plan (BCCP). Two (2) amendments are to the Broward County Land Use Plan (BCLUP) map (PC 20-1 and PC 20-4) and one (1) amendment is to the BCLUP text (PCT 20-1, corresponding to PC 20-1). The transmittal resolutions for the proposed amendments are included with the amendment reports. The amendments are proposed for adoption by the County Commission no later than June 2020.

In accordance with the Florida Administrative Code, three copies of the support documentation for the BCCP amendments is enclosed (one hard copy and two digital copies). By copy of this letter, the proposed amendments, including applicable support documents, were also sent to the South Florida Regional Planning Council, the Florida Department of Transportation - District Four, the South Florida Water Management District, the Florida Department of Environmental Protection, the Florida Department of State, the Florida Fish and Wildlife Conservation Commission, the Florida Department of Agriculture and Consumer Services and the Florida Department of Education.

The proposed amendments are not located within an Area of Critical State Concern and are not proposed for adoption under a joint planning agreement pursuant to Chapter 163, Florida Statutes.

Consistent with the Broward County Planning Council procedures, the City of Deerfield Beach has requested that the Broward County Board of County Commissioners concurrently transmit the corresponding amendment to its municipal future land use element, which is also included (one hard copy and two digital copies). Questions regarding the amendment to the municipal future land use element should be directed to the applicable municipality.
