

What has outdoor recreation looked like for you this past year?

For many of us, this past year has been full of changes. This includes how we recreate outdoors. As we look back on a very eventful year, the Office of Greenways and Trails wants to hear how you were able to continue enjoying the outdoors. Did you pick up a new hobby around your home, like gardening or birdwatching? Were you unable to play team sports at your local park? Perhaps you discovered a new park or trail not far from your home? Whatever outdoor recreation has looked like for you this past year, we would love to hear about it! After all, it's your experiences during this unique time that will help us plan for future recreation opportunities around the state!
