

July 20th, 2021

Dear South Florida Regional Planning Council,

We would like to take this opportunity to thank you for your generous funding to Always Keep Progressing LLC. We are very honored to be the recipients of this loan. Always Keep Progressing relies on the generosity of organizations such as yourself and is grateful for your support.

We truly appreciate your commitment to children with Autism Spectrum Disorders and other neurological disabilities. Your financial support helps us to continue in our mission and to assist those in our community to improve their overall communication skills and quality of life. With your help, we are going to keep innovating in the healthcare industry by using music in our therapy to have the best short and long-term outcomes.

Thank you again for your support!

Sincerely,
Annie Tao
CEO & Founder
