

## *James Cromar*

James Cromar, Deputy Executive Director of Mobility Initiatives for the Broward MPO, has 30 years of professional experience, combining private and public sector experience with a focus on the integration of transportation and land use planning. After spending twelve years as a Denver-based consultant, James has been in South Florida since 2002, working as a planner at the municipal, County and MPO level. James directs the implementation and execution of the MPO's core products to deliver projects in coordination with various municipalities and community stakeholders.
