The West Park In-Fill Lot Affordable Housing Development Program has completed three new single-family homes at 5609 SW 21st Street, 5607 SW 21st Street, and 5217 SW 22nd Street in West Park. This project is a collaboration between the Southeast Florida Community Development Fund, Inc. (SFCDFI), the City of West Park, the Housing Foundation of America, and the South Florida Regional Planning Council (SFRPC), which provides lending expertise and support. These energy-efficient homes expand affordable housing options for low- to moderate-income families and reflect a continued commitment to strengthening neighborhoods and increasing access to homeownership in Broward County.
